

Dear Drivers, Competitors, Friends

From 2017 in Lando Equestrian Center I organize – year to year (except 2020) international driving competition – CAI 3*, CAI 2*, CAI 1* with Polish Driving Championship in Pairs, and National Competition. This year I would like to invite all National Teams for CAIO 4* - H2 Competition, and I think it will be the best test before Driving Championship in Paris which will be organized in Kronenberg. We have a big experience, very good condition on our venue, main arena, and we invite once of the best judges, to make a good, professional, and honest competition.

Since 2009 I have started my experience in driving sport and took part in a few CAIO 4* - H2 Competition, and World Championship. Now, for the first time in driving history, we organize CAIO 4* competition in Poland. I wish you can join it, and we can make together, a great show, great event, great competition.

From 5th to 8th of August 2021 in Lando Equestrian Center we organize with CAIO 4* - H2 competition also CAI 3*, CAI 2* and CAI 1* Competition, Polish Driving Championship, and National Competition. With great pleasure, I would like to invite all National Teams, and Associations of Driving Sports in the World to join CAIO 4* - H2 competition, and all individual drivers to join and compete in CAI 3*, CAI 2*, CAI 1* competition. I wish to compete with many Polish drivers in Polish Championship in Pairs, and I would like to invite all national drivers to compete in national classes.

The FEI ENTRY is open now – so do not delate – join our Ptakowice Competition right now!

We are looking forward to welcoming you. Please feel free to ask any further questions.

Rafał Wojtacha
Lando Equestrian Center Owner
