

## Martyna Bełot (Category U25 H1 | 23 yo)

🐾 **Sports partner: Competing with 7yo horse Eldin**

🏆 **Biggest achievement: two gold and one bronze medals at Polish Championships U25-H1**

### **What do you love most about driving sport?**

*Martyna:* What I love most about our sport is of course the unique bond between horse and driver. Every training and every competition is the result of teamwork, patience and the daily process of building a strong partnership with my horse. I also love the emotions that come with competing.

### **What does being part of the Polish Youth Driving Team mean to you?**

*Martyna:* Being a member of the Polish Youth Driving Team is honour and motivation but also the opportunity to represent Poland in the sport I love. Being part of the national team teaches me responsibility and dedication, while also giving me the chance to gain valuable experience at the highest levels of competition.

**What inspires you to keep training and improving every day?**

Martyna: *What motivates me in my daily training is the desire to develop and achieve even better results. Every training session is another step towards reaching my goals. My motivation is also the opportunity to train with 2018 Single World Champion Bartłomiej Kwiatek, which allows me to constantly gain new experience and develop my skills as a driver.*
